

***Medical Support
Services and
Exposure to
High Risk
Pathogens***

Sarah Elmendorf MD

June 2, 2010

Department of Epidemiology

Albany Medical Center

Topic Review

- Components of medical support for BSL 3 personnel
 - Initial pre-exposure evaluation
 - Immunizations, serology
 - Acute care
 - Post exposure evaluation/prophylaxis
 - Emergency care
- Medical care requirements: disease specific
 - Unique aspects for evaluation and treatment
